Re: Freedom of Information Act (FOIA) Request
Number 10-RIN-01333-93

Dear Mr Ziker:

This letter is in response to your request dated October 1, 1993, concerning the Pasco Sanitary Landfill.

In a telephone conversation on October 12, 1993, Lynda Priddy, the EPA contact for this site, explained to you that the Pasco site is a state-lead site. As you know that means the state has the lead for cleanup actions at this site. Consequently, the complete site and administrative file is under the care of the state. The state contact for the Pasco site is Guy Gregory. He may be reached at (509) 456-6387.

Also, as Lynda explained EPA does have a few boxes of files for the Pasco site which you were welcome to review. However, please be aware that the files located at the EPA Records Center for this site do not represent the complete file for the site. As you voiced an interest in reviewing the files EPA had on hand, an appointment has been made for you to visit the EPA Records Center, 7th Floor, 1200 6th Avenue, Seattle at 2:00 on October 19, 1993. If you are unable to keep this appointment or have a question concerning the Records Center, please call Jan Watson at (206) 553-6512.

Please note if you wish to make copies of file items located in the Records Center and the cost exceeds \$25.00 you must provide assurance either in writing or verbally to Lynda Priddy that you will pay the fee associated with supplying copies to you. Please notify Lynda, at (206) 553-1987, by October 30, 1993
